Senior Lecturer in Digital Business Systems

Employment type: Permanent

Employment basis: Full-time

Salary: £40,322 - £49,553 per annum

Post number: ZZ602343

Date published: 03 October 2019

Closing date: 17 November 2019

Interview date: 12 December 2019

The University of Portsmouth achieved the highest 'Gold' rating in the Teaching Excellence Framework (TEF) the UK government's first assessment of teaching excellence in higher education. Portsmouth Business School has a track record of sustained excellence in teaching and research as evidenced by the consistently very high student satisfaction scores in the National Student Survey, the excellent employability record of our graduates, and the results of the Research Excellence Framework (REF2014) submission. The breadth and depth of our research was viewed by the REF2014 panel as having an outstanding and very significant impact in economic, social and policy-making terms, placing us in the top 10% for impact; 87.5% of our research environment was rated as internationally excellent; and 62% of our research as world-leading or internationally excellent. We offer a full range of degree programmes across business, management, accounting, finance and economics, including PhD and the Doctor of Business Administration (DBA) programme. We combine excellence in research and scholarship with considerable business and consultancy experience, and provide leadership in the development and dissemination of sustainable business and management

practice.

Portsmouth Business School has a vibrant environment and is ambitious. We wish to build upon our existing strengths and considerable recent success by investing in excellence. We seek to appoint a Senior Lecturer in Digital Business Systems (e.g. CRM, ERP and E/M-Commerce). The successful candidates are likely to hold a doctorate, or be close to completion. Professional qualifications and senior professional experience will also be considered. You will be committed to excellence in teaching at all levels, and support to develop teaching skills is available for less experienced staff. You will be expected to make a significant contribution to the research and innovation profile of the School. You will have drive, an innovative approach to research, learning and teaching, and enjoy working collaboratively in a dynamic environment.

Applications must be made in accordance with the details available from Human Resources at the University of Portsmouth.

Informal enquiries may be made by contacting Professor Mark Xu, mark.xu@port.ac.uk, Head of Operations and Systems Management subject group.

Please note this post is also available as ZZ602343 - Senior Teaching Fellow in Digital Business Systems. If you would also like to apply for this post, you will need to make a separate application.

Applications from candidates who require sponsorship to work in the UK are welcome and will be considered alongside all other applications.

As an equal opportunities employer, we welcome applications from all suitably qualified persons and all appointments will be made on merit. As we are committed to the principles of the Race Equality Charter Mark, we would particularly welcome applications from the Black, Asian and Minority Ethnic (BAME) community who are currently under-represented at this level in this area.

To find out more about the University of Portsmouth and this role, please click the apply button/link and apply on-line.

It is the policy of the University to only accept applications submitted using the University's application form.

All applications for this position will be processed and conducted in compliance with UK legislation relevant at that time.
