## About the University

Located in the heart of Rome, Luiss specialises in the Social Sciences and educates over 9,500 students, providing a diverse and international learning environment that weaves academic rigour with practical relevance. The University's educational approach is interdisciplinary, open, and enquiry-based. Luiss is committed to producing innovative and cutting-edge research. Through its privileged relationship with Confindustria, Italy's largest industrial association, Luiss has developed strong connections with the business community, government institutions, and civil society. With over 200 international institutional partnerships, Luiss offers a myriad of double degree programs developed with other well-known universities around the world and is an active member of relevant university networks such as QTEM, SSUN and the European University ENGAGE.EU, part of the initiative launched by the European Commission.

## What we are looking for

Successful candidates are – or show a drive to become – leading academics in their fields. They will be ambitious scholars who are open to working in teams, able to develop research projects and looking to engage in the academic environment of Luiss.

Luiss University is an equal opportunity employer and accepts applications without discriminations of any kind.
