Visiting Faculty (Contractual)

Institute Details: Institute of Management Technology Ghaziabad

Established in 1980, Institute of Management Technology, Ghaziabad (IMTG) is India's premier AACSB accredited management school with a distinct focus on grooming leadership through Innovation, Execution and Social Responsibility. An autonomous, not-for-profit institute, offering highly sought after postgraduate programmes over the past four decades, IMTG currently offers six AICTE approved post graduate programmes. IMTG has been consistently ranked among the top management institutes of the country. Today, it is the proud alma mater of more than 1000 C-suite executives and thousands of professionals serving in leadership positions in the best-known organizations in India and around the world, in key business functions of Sales, Operations, Human Resources, Consulting, Information Technology, Marketing, and Finance among others.

Program Details: PGDM Dual Country Program

The PGDM Dual Country Program is an AACSB accredited multi country post graduate program offered by IMT Ghaziabad and IMT Dubai wherein the students spend a year each at the IMT campuses in India (Ghaziabad) and Dubai. Since its inception over a decade ago, the program has attracted top notch talent with global ambitions, making it as aspirational program for MBA aspirants in India. The program offers three super specialization tracks namely, Advanced Quantitative Finance, International Trade and Logistics, and International Business and Marketing, offering a diverse set of contemporary courses with an international flavor. Further details about the program are available at <https://www.imt.edu/pgdm-dcp/>

Positions:

We seek to appoint internationally reputed visiting faculty to teach specialized electives in the PGDM – Dual Country Program during the Academic Year 2022-23. *These courses will be delivered in the Hybrid mode (Offline classes + Online classes) at the IMT campuses in Dubai and India between October 2022 and September 2023.*

All positions are contractual and would be limited to teaching specific courses. The courses will be taught in English and interested candidates must be able to demonstrate their research and teaching abilities through their research publication record and teaching feedback. The candidate will be expected to offer atleast 50 % of the course in the offline format at the respective locations. Preference will be given to candidates who are able to demonstrate substantial expertise in the domain and have experience in teaching similar subjects at the post graduate level. The faculty member delivering the course would be expected to develop the course curriculum design, deliver the content, conduct assessments and evaluations, and work with the Program Chairperson and the Dean Academics to ensure smooth delivery of the course as per institute norms.
